Western Association of Schools and Colleges  
ATTN: Siobhan Williams  
985 Atlantic Avenue, Suite 100  
Alameda, CA 94501

Dear Siobhan:

In this package you will find three additions to the UCSD Capacity and Preparatory Review Report.

First, in the process of assembling the report one page was accidentally omitted. It is the third page of Appendix G and lists the students who participated in the CAT 124 Seminar on Accreditation. Please insert this page as the final page in Appendix G.

Second, you will find the portions of the UCSD Annual Financial Reports for the years 2006-2007, and 2005-2006. These are the sections of the report known as the Financial Highlights and they contain the essential financial summaries for UCSD. The complete versions of these reports (and all UCSD Annual Financial Reports from 1995 forward) can be accessed at:

<http://blink.ucsd.edu/Blink/External/Topics/Sponsor/0,1362,3931,00.html>.

UCSD is one division of The University of California which, for fiscal and tax purposes, is a single entity. If you wish to access the official audited financial statements of the University of California (with subsection reports for each division including UCSD) for the years 2001-02 forward you may access these reports at:

<http://www.universityofcalifornia.edu/finreports/>

Navigation within the websites should be self evident.

Third, you will find a copy of the updated Summary Data Form.

I hope that with these additions you will have an adequately complete understanding of UCSD.

Yours truly,

Mark Appelbaum, Ph.D.  
Professor of Psychology and ALO
